

## India: Greatest human workforce of the world in twenty first century

Swapnil S Arsad

Dept. of Physics, Shri Shivaji Sci. College, Amravati, MS, India

### Abstract

India is fast emerging as a world's greatest workforce. India on the basis of its largest population is already have largest IT professionals in the world. India has largest professions in all classes of the professionals working sectors.

**KEYWORDS:** workforce, working sectors

### Introduction

What a nation India is for foreigners, non-resident Indians, for Indian people who got settled abroad for decades before.

India is a nation having largest cricket ground and largest stadium of the world. Population is the additional strength of India. World's largest welfare schemes are launched and successfully completed.

Amassing gathering at the kumbhamela at Kashi (Varanasi-Banaras), Nashik, Ujjain, Haridwar (a celebration that takes place after every 12 years periodically) Rathiyatras, *Ashadhiyatraf* Pandharpur, daily *darshanamat* world famous Tirupati temple, *darshanam* at world famous Sabrimala temple, Kerala, Vaisho-devi temple at Katra-Jammu, Tirumala, daily *ardasat* golden temple, Amritsar, Thursday prayer at Shegaon, Maharashtra, Thursday *darshan* at famous Shirdi temple, Maharashtra, mass prayers at Jama-Masjid, Delhi, etc. are world's largest gatherings are the specialities of India.

India needs to improvise over the issue of foreigner visiting to India.

### Theory and discussion:

India is very rich in traditions, heritage, rich sculpture, carving architecture, unique culture, towering *gopurams*, sky-touching minarets, daily *Ajan* from masjids are special features of India. Largest workforce also work in groups, for nation's progress, peace and prosperity. People here prays daily for the world's peace, friendship and world fraternity.

India is a nation of colours, festivals, celebrations, varieties, festivities, processions, professions, prayers, *aartis*, *prasadams*, *lungers*, *bhandaras*(daily kitchens for hungry and poor needy people)

Blooming and blossoming flowers here spread the fragrances of universality, unity and integrity of the nation with nature. India has vast coastal areas of several thousand kilo-meters. The brownish Bay of Bengal, bluish Arabian seas, greenish Indian Ocean daily washes the auspicious feet of our motherland.

Nature here has lush green colours, flora and fauna here is an amazing gift of nature. India receives highest rainfall in the world. Mauseenram and Cherapunji are highest

rainfall receiving places of the world. Nearly 12, 5000mm rainfall received by these cities annually.

India has largest dams and highest storage of fresh water in the forms of reservoirs, *sarovars*, *talabs*, nahars, and canals. India has largest network of irrigation modules. India has woken-up now for afforestation and taking strides in that way.

Famous for Bengal tigers, one horn Rhinos from Kaziranga national park, India has become a place of abode for Cheetah recently. Variety of animal species and birds, reptiles, amphibians, botanical species, etc.

India is largest consumer of oil fuels, diesel, petrol, natural gases, petroleum products, the Middle East nations the bigger supplier of these products along with USA and Russia is keeping cordial relations with India.

Another significance workforce of India is in the field of education. India has largest student population, largest schools, largest teachers, largest universities, largest professors, largest examiners, largest campus interviews, largest examination system. India is also producing largest workforce in the field of professions like IT, software, law, education, administration, etc.

Population is more also professions are many like *pujaris*, rickshaw pullers, artisans, typists, dramatists, comedians, orchestra singers, photographers, attendance, porters, potters, plumbers, social workers, toilet cleaners, electricians, loomers, nursery teachers, shopkeepers, guides at historic places, *hamals*, auto rickshaw drivers, shepherds, nursery teachers, road makers, mobile phone repairers, security personnel's, mechanics, mechanics, vendors, sellers, security personnel, industrial workers, etc. India is a nation with many professions, ways of earning for daily bread and butter.

India is a nation of largest TV viewers, advertising hoardings and social media users, social media watchers, theatres, drama theatres, etc. India is largest producer of films, short films, dramas, artists, singers, play writers, story tellers, and cinema viewers.

On the darker side India also have largest dacoits, criminals, goons, offenders, frauders, looters, pic-pocketers, prisoners, and murderer. Simultaneously we have largest force of policemen, security personnel, investigation agencies, forensic laboratories, post-mortem centres, crematoriums, ambulances, medical-emergency vans.

We have highest cases in the local courts, civil-courts, criminal courts, on the other hand we have largest number of advocates, lawyers, judges, pleaders, notaries, sessional judges, courts, hearing centres.

We have in India largest numbers of patients, ailing peoples, injured people, pregnant women, and ailing old age people. On the other hand we have highest number of doctors, OPDs, general hospital wards, nurses, ward-boys, health-helpers, dispensaries, treatment centres, physiotherapy centres, wellness centres, yoga-therapy and naturopathy centres. Non-government organizations constantly working for patients under treatment.

We are the nation where highest gold-bullions is sold, highest gems, precious stones, pearls, diamonds are purchased by buyers.

### **Result and discussion**

We have largest band of donors, social workers, health workers, people dedicated to help others who helping the poor, downtrodden, underprivileged people. We have largest army of fire extinguishing personnel, fire fighters. We have largest chain of ration shops, low-cost food supply centres to help poor and adivasi population.

Mass marriages have solved problems of large-scale expenses in the rural areas population.

India is now also known as centres of Buddhism, Jainism, Hinduism studies throughout the world.

We have highest numbers of scholars, writers, scientists, technocrats, technicians, experts, professionals, skilled and unskilled workers.

India is thus the greatest human workforce of the world.

We are a nation with serene beauty, essencing fragrance, and rich culture. World is also eyeing India as an abode of peace and goodwill with new hope and aspirations.
