9. Commerce benefits underdeveloped countries

**Commerce faculty**

There are various faculties in senior colleges. e.g. Arts, Commerce, and science. The faculty relates with education of commerce is called commerce faculty. The knowledge of commerce is very important for human being. It helps for developing the society. India is a developing country. In this country commerce plays important role in the development of our nation. Commerce is the backbone of the every nation. So the appropriate knowledge of commerce is essential. In this sense the faculty of commerce is very important.

Though it is true that the faculty of commerce is important, but absenteeism of students in commerce faculty became a basic problem in the present set up.

**Reasons of absenteeism of the students in commerce faculty**

- Lack of proper guidance to the students about commerce faculty.
• Student feels that this faculty requires extra classes which are not affordable to them.
• Student feels that the accountancy is tough subject.
• Students from villages fear about the medium of instruction i.e. English.
• Sometimes students’ admissions depend upon their friend’s admission.
• Commerce faculty needs regular attendance in the class. But some students can’t come regularly because of their domestic problem. So they cannot take the admission in this faculty.
• Parents feel that job opportunities in this faculty are less.
• Sometimes parents decide the faculty of the students.

**Remedies for increasing intake of the students in commerce faculty**

Orientation program should be arranged for increase the intake of commerce faculty. The teachers have to arrange seminar relates with commerce faculty. They should convey the importance of this faculty to the students. They should remove fear of accountancy from student’s mind. Job opportunities should be described in the orientation programme. Fear of English language should be removed from the student’s mind. Meeting of parents and students should be arranged for being acquainted with commerce faculty.

**Conclusions**

Commerce plays important role in the social environment. Each field of the human’s life moves around the commerce. Because commerce deals with economical aspect. It is the part and parcel aspect of the society. So knowledge of commerce faculty is essential. Though it is true there is a problem of student’s absenteeism in commerce faculty. There are so many reasons behind it. Orientation program should be arranged for increase the intake of commerce faculty. It will help for removing the problem of student’s absenteeism in commerce faculty.
